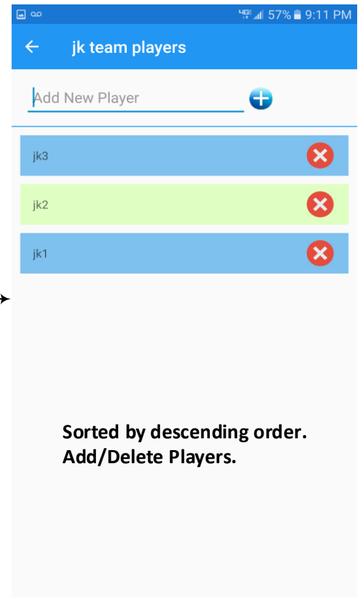
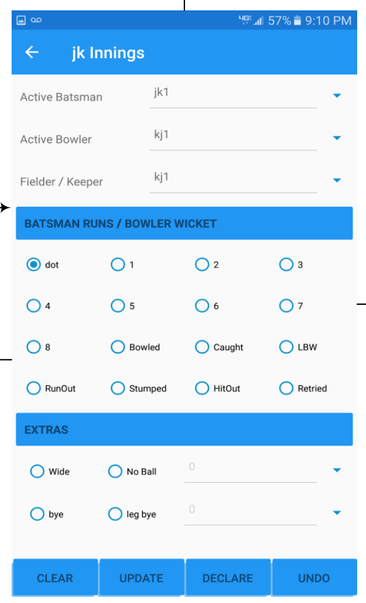
Click on any added player

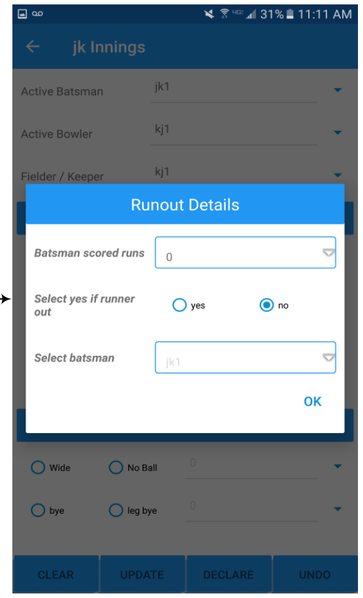


Sorted by descending order.
Add/Delete Players.

Click on Update / Undo

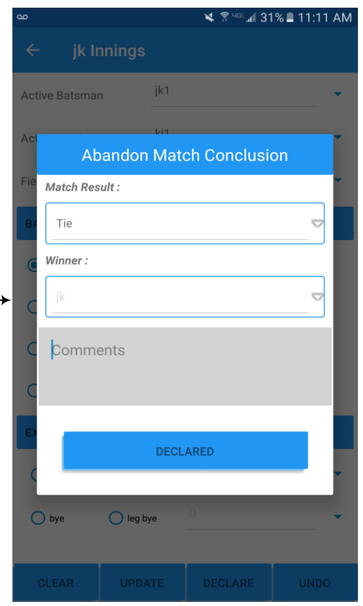


Select Runout



This dialogue box is to handle when runner is out in runout

Click on Declare



Clear : Reset the values. Update : Updates score.
Declare : If match is abandon for some reason
Undo : Deletes the last update. Each ball details stored in memory. It clears if session is closed.
You can even undo all the balls if the current session is not closed.
